Final Deadline Feb 22
US Trials April 1-2
Shelbyville IN

LET'S TWIRL— FRESNO CA

Insi

Let's Twirl Clinic held in Fresno was hosted by Karla Hubbell and included a staff that was relentless in giving their all. Forty young, aspiring twirlers participated. Clinicians included Paige Campbell, Wendy Maul, Krystal Mignone, Yolanda Stone, Mark Nash, Monica Lee and Karla and Kurtis Hubbell.

Performance by Emily Mc Crone, Fresno State Bulldog Featured Twirler and National, IC and Grand Prix athlete Kurtis Hubbell rounded out the day.

Thank you to Karla for all her efforts and vision in producing this event. Thank you also goes to Paige Campbell and Wendy Maul for allowing those of us who love this sport to continue in nurturing and growing baton twirling through the Sharon Campbell Memorial Fund.

Yolanda Stone

NASH ACADEMY—OUR HOSTS TODAY

Nash Twirling Academy (NTA) was founded in 2010, in Lincoln California by Mark & Ella Nash. It started with only 5 little girls who were interested in learning how to twirl.: two of them were their daughters Olivia and Julianna. First lessons were given in their garage! After a year, more girls joined them, and now, in their 6th year, they have 20 members.

Their members are divided between 2 teams, a beginner's class and individual classes. Next

to baton twirling classes, they also give Acrobatics classes (new this year!). These classes help their competitive athletes to become stronger and more flexible. They perform at local and regional contests, and take part in a least 2 parades per year.

In the short time of their existence, they have had several local and regional successes. Some of their individual members were even able to win several National titles. Nore

than this, they are having a lot of fun with their little club, and this year they are hosting their very first competition!

NTA's future plans include: implementing a logical baton development plan for our students, performing in Disneyland, taking one of their teams and more of their individual athletes to Nationals, and opening up a FULL TIME studio for baton, acrobatics and dance.
