Sanctioned by the US Twirling Association

Co-Contest Directors: Paige Campbell and Cyndy Higgerson

The following guidelines will be followed during the CA State Championships:

1. There is a main gym on the ground level and a practice gym on the second level. Self-monitor the practice gym. Please use the stairs and elevator safely.
2. Athletes, coaches, and spectators may sit in the bleachers or use the outdoor area.
3. The center of the bleachers will be designated as a judging area for teams, short program and freestyles. Please be aware of this space and find a seat accordingly.
4. Athletes will line up in designated area one set ahead of their set number and enter the competition floor to proper lane. There will be a small warm-up area nearby for athletes and coaches to utilize the set before. Athlete will exit the lane while the next set enters.
5. For the official team warm-up, clubs/coaches will be given a specific amount of time based on the number of entries for that club/coach. There will be a posted order with allotted time given prior to the competition. The time will start once the warm-up time begins.
6. During foundation marching events, judges WILL pass out awards from the table with no announcement. Presentation results will be announced by announcer while judge passes out awards.
7. For CAS evaluations/critiques, all scoresheets/paperwork will be handed directly from judge to athlete. Athletes will check in with CAS Coordinator, Berta Lane.
8. There will be NO SCORE SHEETS for May Madness or State Competition. Athletes will acknowledge and leave lane.
9. All scores will be flashed for competitive events at CA State. All FINAL round scores will be announced.
10. All results will be posted on the wall and a QR Code is available. See below.
11. Awards' table will be open when Novice, Beginning and Intermediate events begin on Saturday morning. Please encourage athletes to bring scoresheet to the table once the results are posted to receive their award in a timely manner.
12. When the music is playing, it is best practice to not have a lot of movement in the arena. Please try your best to avoid walking across the gymnasium while the music is playing. It can distract the athletes and judges as well as the safety of everyone is the utmost importance.
13. Any video taking must be done from the bleachers and not on the main floor from any angle. This is a USTA National Rule. Thank you in advance for understanding.
14. The CBC will provide an official photographer(s) for awards ceremonies and throughout the event. Please allow for official photographer(s) to have priority of shot.
15. Signage will be posted throughout the building for pictures.
16. There will not be a snack bar, so please bring your own food and plan to clean up your area before departing the building. Trash cans will be available throughout the building.
17. Throughout the competition, the judge's table schematic may change. It is a great time for parents to volunteer on the spot to change up the floor plan quickly and efficiently.
18. If you are interested in volunteering, keep an eye out for the Google Sheets for the competition.
